

Hello,

You were recently sent a survey regarding possible amendments to the Illinois Collateral Recovery Act, which is set for renewal January 1, 2022. In the time since the survey was sent out, several repossession companies in the Chicago area have discussed the option of having a meeting for a round table discussion. We are all fighting the same battle and this will give us an opportunity to discuss changes we'd like to see made to ICRA law that will benefit repossession companies, large and small.

This meeting is a chance for you to express your concerns and we want all voices to be heard.

In attendance will be Les McCook, President of the American Recovery Association and Wade Argo, President of Allied Financial Adjusters. Les and Wade have agreed to speak about topics happening at the national level that impact our companies on a local level and will provide guidance to help get our amended changes into ICRA law.
